---

Heather

OCE is responsible for review of the Communication and Education Plan (CEP) and for EPA oversight of the Fort Hall Health Study SEP. I'm working with Kevin Schanilec on the review. The Consent Decree requires that the study be completed and the results of the study be made known to the Fort Hall Tribal community in accordance with the CEP. There are no obligations on R10 program as a result of completion of the study.

Andy

**Subject:** RE: FMC SEP 14 Fort Hall Health Study Under the RCRA FMC Consent Decree

Hi Andy, where is says that the Communication and Education Plan (CEP) must be approved by EPA, who is in charge of that approval, and who would be involved with the review? Beyond being familiar with the findings, are there any obligations for the R10 RCRA program as a result of the completion of this study?

Thanks!
